

5th Grade Newsletter

February 11th, 2019

Mr. Cawson and Mrs. Pell

WHAT WE ARE LEARNING

- * **Math** – Students are learning to divide whole and decimal numbers.
- * **Reading** – Students are demonstrating their knowledge in literacy during our winter testing window. These assessments help make sure we have them on the best track moving forward.
- * **Writing** – Students are learning to find credible sources for their research. We will begin learning how to write up our research in a report.
- * **Science** – Students are learning about the phases of the moon.
- * **Social Studies** – Students are learning about West Africa and their empires. Discussions on Europe before Colonization are next.

HOMEWORK

From now on, we will do our best to try and display the upcoming homework here. Students are welcome to get a jump on it if certain nights are busier than others. The next two weeks we will have...

- * 5-3 through 5-9 Math Homework
- * Current Events are due 2-15-19

Students can turn their homework in as they complete it, or can turn it all in together. As always, all students should be reading 20 to 30 minutes a night.

NOTES FROM THE TEACHER

We completed our unit 4 math test and unit 3 reading test. The results were sent home or will be sent home this week. Students are also being assessed on their reading levels. Those results and their growth will be shared soon! In addition, please submit ALL pizza orders by Thursday, February 14th at the end of the day so that orders can be tallied and submitted by Friday at noon. Please email or call with any questions.

We hope to see you on Valentine's Day at 2:40!
