

5th Grade Newsletter

May 20th, 2019

Mr. Cawson and Mrs. Pell

Nurturing Each Child. Educating All Students. Building World Citizens.

WHAT WE ARE LEARNING

- * Math – Students are working with story problems and applying all concepts learned this year.
- * Reading – Students are taking district assessments to see the growth they have made this year. Ask them about it!
- * Writing – Students are getting ready to present their research!
- * Science – Students have begun their studies on reproductive health! Look for some occasional homework with this. It typically is a conversation and a signature.
- * Social Studies – Students are working on their colony projects!

HOMEWORK

The next two weeks we will have... *6-4 through 6-11

Many students are missing their current events assignment. Please reach out if you have any questions about this as it is a standard on our report card. We spent several days in class modeling and they have had to complete two of these since March.

Health Class will have the occasional homework requiring a signature. Look for those to come home or email us if you need another.

NOTES FROM THE TEACHER

Please be sure to send in a baby photo and the picnic permission slip if you have not done so. In addition, we have many upcoming events that required permission slips. Please reach out if you feel you missed one or need a copy of another. We know this time of the year can be chaotic!

IMPORTANT DATES

- May 21 – Safety Picnic and Kindergarten Round Up
